## Podcast Introduction: About The Critical Thinking Consortium

The Critical Thinking Consortium, or TC<sup>2</sup>, is a non-profit organization of partner groups and individual members dedicated to supporting critical, creative, and collaborative thinking. The consortium's aim is to work in sound sustained ways with educators and related organizations to inspire, support, and advocate for the infusion of critical, creative, and collaborative thinking as an educational goal and as a method of teaching and learning.

Our goals are to foster in learners enhanced abilities and inclinations to think effectively, deeper understanding of curriculum, increased engagement in the world, and a greater willingness to act in thoughtful, ethically responsible ways.

For more information about the consortium and our work, please feel free to contact us at the following email address: [mail@tc2.ca](mailto:mail@tc2.ca).
