

Using a code to access an Inquiry-pacs unit

STEP ONE: CREATE AN ACCOUNT

If you have not already done so, create a free personal TC² account. You will need to be logged in to this account to enter a code from your school or district, and to then access the Inquiry-pacs materials.

1. Go to this page: http://tc2.ca/shop/index.php?main_page=create_account
2. Fill out the required fields, being sure to use your official work email address to create your account.
3. Consider joining the mailing list at this time to receive *The Thinking Teacher* and additional information and free resources from TC².

STEP TWO: ENTER THE CODE FROM YOUR DISTRICT

1. Make sure you are logged in to your account.
2. Go to the Inquiry-pacs website (<http://tc2.ca/inquiry-pacs/>)
3. Navigate to the unit for which the code was provided.
4. While viewing the unit page, click on the tab for Line of inquiry #1 and click on a greyed-out lesson name.

5. A pop-up window will open. Enter the code provided by your school or district and click "Submit." You will now have access to all of the materials for the chosen unit whenever you are logged in to your account and there will be no need to enter the code again.
